

PREAMBLE

The Shorehouse list, at first glance, may seem bigger than appearances or page numbers suggest. We fill our list with those wines we love to share and the wines that have a story to tell.

There are some favourable classics and some classic omissions. Apologies to The Bordelaise, and Coonawarians - we are getting there...

From Margaret River to Montrachet, from Pemberton to Piedmont, there's wine for our loyal locals and for all ye diehard wine geeks.

We're an uncomplicated bunch; yet wine, whilst just fermented grape juice, can be a tormentingly complicated subject.

Talk with us about our wine, we love it all.

ABOUT | With over 50 vintages between them Mike Kerrigan (Hay Shed Hill) and Gavin Berry (West Cape Howe) know WA grapes as well as anybody. Their Pinot Grigio from Mt Barker and Frankland River goes into our house wine. Picked early to retain freshness and to keep alcohol low, this wine is clean bright and an easy summer drink.

HOW? A THIN HYPERDERMIC NEEDLE GOES INTO THE CORK AND ARGON GAS PUSHES THE WINE UP AND OUT. THE NEEDLE IS THEN REMOVED AND BECAUSE OF THE SPONGE LIKE TEXTURE OF THE CORK, ALL IS RESEALED - NEAT.

PÉT-NAT

FUN FACTS

Pét-Nat is a term that's been hitting the headlines as of late, and while we are not the 'in' crowd, it seems to be what the cool kids are drinking. Simply put it's short for pétillant-naturel, also known as 'méthode ancestrale'. Well what does that mean? The wine is bottled before primary fermentation has finished, making these bubbles delicate, frivolous, fun and easy drinking.

A very late harvest made for a difficult year in the Pinot Noir department but Chardonnay came up looking excellent. A rainless September saved the day for most producers with many declaring it a vintage year.

RIESLING FROM OUR BACKYARD

We really do love a bit of riesling here, and why wouldn't we, our sun soaked deck, beachside exposure and bright menu all combine to create the perfect calling card for this perennially misunderstood grape.

MOSEL RIESLING

"People think German wine is complicated, but ask them what they think of Burgundy, and they love it. You can't approve one and not the other. It takes some learning, but I don't think it's too much to ask. Nothing simple was ever very satisfying" - KATHARINA PRÜM

Slate, steepness, and its optimal exposure are the winning combination. Named after the sundials in the vineyards built in 1842 by Jodocus Prüm. These are the top of the pops vineyards, making the most notable and royal examples of this illustrious grape.

Attractiveness is the word here; racy acidity and pronounced minerality are features of this underrated vineyard. Accessible early and with potential to age, this site really does give the best of both worlds.

The orientation means longer sun exposure. The Badstube typically produces floral, delicate and mineral driven wines. They are full, lush and tend to give lots of desirable fruit characters.

RIESLING FROM OTHER EUROPEAN SPOTS

German wine labels are complicated, terminology incomprehensible, but the wine is amongst the best in the world showcasing every nuance of terroir with ravishing delicacy and absolute clarity and transparency.

Surely German wines have done enough to bust the myth that all Riesling is akin to sweet Liebfraumilch, aka Blue Nun. We certainly think so.

SHOREHOUSE GUIDE TO UNDERSTANDING GERMAN WINE SPEAK - YAH

TROCKEN: literally 'dry'

KABINETT: lighter styles of wine an often off-dry

SPÄTLESE: picked one week after Kabinett grapes - typically fruity, medium-sweet

GR80ES GEWACHES: top of the pops; high quality dry wine from selected sites.

DOMAINE ROLET AND THE DYNAMIC JURA

WHAT IS A JURA?

Less of a what and more of a where, the Jura is France's smallest wine region, under half the size of Margaret River it's tucked just below Alsace. Named for the Jurassic soils on which the vineyards lie on, it comes complete with its own grapes and styles of wine, truly one of the most unique wine appellations in the world.

LOCAL

INGO

OUILLÉ

Barrels are topped up to keep the wine fresh and free from oxidation

VIN DE PAILLE

Literally translates to 'straw wine' grapes are picked and dried to create lush sweetness

VIN JAUNE

A truly unique style of wine in every way, made with the indigenous savagnin grape, it is left in oxidative barrels for 6 years and then bottled in 620ml bottles called Clavins

DOMAINE ROLET—Established in 1942 by Désiré Rolet, it is now one of the largest estates in the Jura, making interesting, approachable and delicious examples.

09	Domaine Rolet	Poulsard/Chardonnay/Savagnin VIN DE PAILLE 375ml	Arbois Vin de Paille AOC	150

WHY 620ML? Vin Jaune is aged in barrel for 6 years without top ups and 620mls allows for the perfect number of bottlings per barrel due to the evaporation

HOW TO MAKE WINE

Pick some grapes

Crush the grapes (optional)

Chuck them in a vessel & leave to ferment (time in vessel up to you)

....if its white

Drain the juice and drink resultant alcoholic beverage with your betrothed.

....if its rosé

Remove the juice from the fermentation vessel earlier than you would with red, effectively staining the white juice with just some of the dark grape skins. Yummy easy drinking and looks pretty.

Dark skinned grapes impart colour, tannin, and flavour during fermentation. You could, if you so desired, make a white wine from Pinot Noir.

....if its red

THE MAGNA CARTA OF NATURAL WINE

A STAB AT DEFINING THE UNDEFINABLE

Natural Wine has no legally binding definition, making it murky waters (or murky grape juice) to begin with.

Instead of being a set of rules or processes, it becomes a philosophical approach or mantra: 'Less is more.'

Grapes should be sourced from sustainable vineyards, preferably organic or biodynamic.

Wine is treated with a 'hands off' approach - meaning there is minimal human intervention - lazy buggers.

TERMS

SKIN CONTACT (AKA ORANGE) = The Georgians started it, the Italians are famous for it, Aussies copied it and voila, it's now trendy. The juice is left in contact with the skins for longer than rosé but less time than the red stuff. Freshness of white wine with some phenolic grip of red.

UNDER FLOR = A thin layer of yeast that forms on the top of the must whilst it ferments, protecting it from oxygen and imparting a distinct nuttiness to the wine

Wine Region

The Loire is one of the largest and most diverse wine regions in France, producing virtually every type of wine – still & sparkling, dry & sweet, red, white, and rosé.

Whilst the leading white grapes of the Loire - Chenin Blanc & Sauvignon Blanc - are the world's benchmarks, the Loire's reds are less famous than its neighbours in Bordeaux or Burgundy. They are, however some of our faves. The Loire produces red wines with the same qualities we like to see in our fruit; vibrant, crunchy and flavoursome.

Who am I?

I come from the Gironde in Southwest France. I only discovered who my parents were in 1996, but I always knew Merlot was my half-sibling. I am known by many names including Lafite (Russia), Burdeos Tinto (Spain), or simply Bordeaux (Switzerland). I am the world's best travelled grape variety, am concentrated, tannic and enjoy long walks on the beach whilst the sun is setting.

SHIRAZ VS SYRAH - WHAT IS THE GO?

Overheard this conversation in a Barossa pub between a French winemaker and a local

"Look bloke it's the same grape, we just call it Shiraz (pronounced: Shy-razz, if you're a Barossa local) round here. Those cool climate parts of Oz that grow it call it Syrah just like you do"

DOMAINE GRAMENON

A husband and wife bought a vineyard in the early 90s; he was a vigneron, she was a nurse (sounds like a Paul Kelly song). Tragically he was killed in accident in 1999, but instead of selling the property Michelle took on the winery with little experience or accolade and guided Gramenon toward cult status within the Rhône. Today herself and her son, Maxime-François, tend to the property creating riveting and rare wines.

Wine Countries

These might be two of the most exciting wine regions in the world.

Unlike other places they are not experiencing a revolution, or an evolution of wine; this is an involution. The Italians and Spaniards are using of their own indigenous grapes, traditional wine making techniques and focusing on creating wine that is indicative of place.

* A LITTLE NOTE FOR A BIG ISSUE

We love Jancis (Master of Wine) and we think she knows her stuff. This is her take on the whole misuse of the words.

We down.

The word variety is a noun. When speaking about wine, a variety is a type of vine or a type of grape.

For example, Pinot Noir is a grape variety. Many people will use the word varietal when they really mean variety. Varietal is a descriptive term.

The word is increasingly misused in place of variety. Varietal glassware and varietal labelling are describing the object.

E.g. Pinot Noir is a grape variety that should be served in varietal glassware.

Noval made its reputation by introducing the first stenciled bottle of Port and in 1958 the first house to introduce a Late Bottled Vintage. Since then they have continued to pioneer the region in their pursuit of creating high quality and world renowned Ports.

LOCAL LINGO

TAWNY: STARTS OUT LIKE A RUBY PORT BUT SPENDS AN EXTENDED PERIOD IN WOOD. THE TAWNY PORT IS ALLOWED TO OXIDIZE DURING THIS TIME, THE COLOR OF THE WINE SLOWLY CHANGES FROM A PURPLISH-RED TO A TAWNY BROWN.

COLHEITA: [PRONOUNCED COL-YATE-A] IS SIMPLY A SINGLE VINTAGE TAWNY PORT (ALL GRAPES ARE FROM ONE HARVEST) AGED FOR A MINIMUM 7YRS IN SMALL USED OAK BARRELS.

MADEIRA

'Top quality Madeira is one of the world's most wickedly underrated fine wines. I know you will have read that about Sherry - and that's true, too - but Madeira tastes like the elixir of life itself'

- JANCIS ROBINSON MW

THE PROCESS HOW YA MAKE IT

Harvest ye grapes at varying ripeness levels depending on desired style of Madeira

Bottle and rest for 90 days...
you also deserve a break,
you've just made Madeira

Transfer finished [almost] wine to steel tanks (Estufa) and simmer to 50degrees for 3 months

Fermentation begins.
Halt fermentation by addition of a neutral grain spirit.

Note to Self: the earlier the addition, the sweeter the wine

HENRIQUES & HENRIQUES 15YRS

90ML GLASS \$12 // FLIGHT \$24

DRY | SERCIAL pronounced citrus characters and sharp acidity makes for a good apéritif

MEDIUM DRY | VERDELHO rounder than Sercial; its elegant fruit makes it suitable for both before and during food

MEDIUM SWEET | BOAL perfumed and medium sweet; harmonious balance between nuttiness (a word), sweetness, and acidity

SWEET | MALVASIA (Malmsey) the most recognised style ; rich, sweet, and full of milky chocolatey goodness

AMARI & LIQUEUR

There's so much weight, history, and complexity packed into one little word - Amaro.

We know it's Italian for *bitter*, and its plural is *Amari*, but when it comes to production, appreciation and consumption of Amaro, we're guided more by tradition rather than strict classification. Amari are created by macerating and/or distilling bitter barks, herbs, seeds, spices, citrus peels, flowers and other botanicals in a neutral spirit or wine that is then sweetened. We love Amari so much we have named our youngest daughter in its honour. All Amari \$10
