

## PREAMBLE

The Shorehouse list is filled with those wines that we love to share and those that have a story to tell. We listen to our guests and attempt to build our list around those wants coupled with our needs (as wine geeks) to offer exposure to unique regions, winemakers, and styles.

Proximity to the many diverse wine regions within our state lines compels us to show those wines from our backyard in prime focus. These proud local example, however, are not shown in a vacuum and instead are listed alongside our favs from all over the globe.

We're an uncomplicated bunch; yet wine, whilst just fermented grape juice, can be a tormentingly complicated subject.

Talk with us about our wine, we love it all.

### SHERRY & SHERRY STYLES

This is not a sherry. It is a chardonnay aged under Flor yeast, in a reductive environment (introducing oxygen during fermentation). So it's... Sherry-*esque*. In an incidental way, Luke Lambert has instead established himself as the cool-cat of not-sherry.

## PÉT-NAT

FUN FACTS

Pét-Nat is a term that's been hitting the headlines as of late, and while we are not the 'in' crowd, it seems to be what the cool kids are drinking. Simply put it's short for pétillant-naturel, also known as 'méthode ancestrale'. Well what does that mean? The wine is bottled before primary fermentation has finished, making these bubbles delicate, frivolous, fun and easy drinking.

# MOSEL RIESLING

"People think German wine is complicated, but ask them what they think of Burgundy, and they love it. You can't approve one and not the other. It takes some learning, but I don't think it's too much to ask. Nothing simple was ever very satisfying" - KATHARINA PRÜM

Slate, steepness, and its optimal exposure are the winning combination. Named after the sundials in the vineyards built in 1842 by Jodocus Prüm. These are the top of the pops vineyards, making the most notable and royal examples of this illustrious grape.

Attractiveness is the word here; racy acidity and pronounced minerality are features of this underrated vineyard. Accessible early and with potential to age, this site really does give the best of both worlds.

The orientation means longer sun exposure. The Badstube typically produces floral, delicate and mineral driven wines. They are full, lush and tend to give lots of desirable fruit characters.

## RIESLING FROM OTHER EUROPEAN SPOTS

German wine labels are complicated, terminology incomprehensible, but the wine is amongst the best in the world showcasing every nuance of terroir with ravishing delicacy and absolute clarity and transparency.

Surely German wines have done enough to bust the myth that all Riesling is akin to sweet Liebfraumilch, aka Blue Nun. We certainly think so.

SHOREHOUSE GUIDE TO UNDERSTANDING GERMAN WINE SPEAK - YAH

TROCKEN: literally 'dry'

KABINETT: lighter styles of wine an often off-dry

SPÄTLESE: picked one week after Kabinett grapes - typically fruity,  
medium-sweet

GRÜBOES GEWACHES: top of the pops; high quality dry wine from selected sites.

# DOMAINE ROLET AND THE DYNAMIC JURA

## WHAT IS A JURA?

Less of a what and more of a where, the Jura is France's smallest wine region, under half the size of Margaret River it's tucked just below Alsace. Named for the Jurassic soils on which the vineyards lie on, it comes complete with its own grapes and styles of wine, truly one of the most unique wine appellations in the world.

## LOCAL

NON O

### OUILLE

Barrels are topped up to keep the wine fresh and free from oxidation

### VIN DE PAILLE

Literally translates to 'straw wine' grapes are picked and dried to create lush sweetness

### VIN JAUNE

A truly unique style of wine in every way, made with the indigenous savagnin grape, it is left in oxidative barrels for 6 years and then bottled in 620ml bottles called Clavins

## DOMAINE ROLET-

Established in 1942 by Désiré Rolet, it is now one of the largest estates in the Jura, making interesting, approachable and delicious examples.

WHY 620ML? Vin Jaune is aged in barrel for 6 years without top ups and 620mls allows for the perfect number of bottlings per barrel due to the evaporation

In the past aligoté has been seen as inferior - much like its red cousin Gamay. Nowadays, more serious examples are emerging and this racy yet complex grape is making its debut into the mainstream. We love its nervosity, with bright fruits and a tension driven minerality.

## THE MAGNA CARTA OF NATURAL

A STAB AT DEFINING THE UNDEFIN-

Natural Wine has no legally binding definition, making it murky waters (or murky grape juice) to begin with.

Instead of being a set of rules or processes, it becomes a philosophical approach or mantra: 'Less is more.'

Grapes should be sourced from sustainable vineyards, preferably organic or biodynamic

Wine is treated with a 'hands off' approach - meaning there is minimal human intervention - nothing added and nothing is taken away..... lazy buggers.

/| Loire Valley |\n*Wine Region*

The Loire is one of the largest and most diverse wine regions in France, producing virtually every type of wine – still & sparkling, dry & sweet, red, white, and rosé.

Whilst the leading white grapes of the Loire - Chenin Blanc & Sauvignon Blanc - are the world's benchmarks, the Loire's reds are less famous than its neighbours in Bordeaux or Burgundy. They are, however some of our faves. The Loire produces red wines with the same qualities we like to see in our fruit; vibrant, crunchy and flavoursome.

# CABERNET

/| Cab·er·net |\

*noun*

Origin: Cahors, France

Who am I?

---

I come from the Gironde in Southwest France. I only discovered who my parents were in 1996, but I always knew Merlot was my half-sibling. I am known by many names including Lafite (Russia), Burdeos Tinto (Spain), or simply Bordeaux (Switzerland). I am the world's best travelled grape variety, am concentrated, tannic and enjoy long walks on the beach whilst the sun is setting.

HERVÉ SOUHAUT

1993 saw a husband and wife team convert a centuries old hunting lodge into a winery, today it draws on four parcels in St-Joesph as well as holdings throughout the Rhône. Production today is small and highly sought after. In the cellar the wines are treated with a hands off approach but with elite care, making them ethereal and elegant expressions of what this region can offer.

These might be two of the most exciting wine regions in the world.

Unlike other places they are not experiencing a revolution, or an evolution of wine; this is an involution. The Italians and Spaniards are using of their own indigenous grapes, traditional wine making techniques and focusing on creating wine that is indicative of place.

#### \* A LITTLE NOTE FOR A BIG ISSUE

We love Jancis (Master of Wine) and we think she knows hwr stuff. This is her take on the whole misuse of the words. The word variety is a noun.  
When speaking about wine, a variety is a type of vine or a type of grape.

For example, Pinot Noir is a grape variety. Many people will use the word varietal when they really mean variety. Varietal is a descriptive term. The word is increasingly misused in place of variety. Varietal glassware and varietal labelling are describing the object.

E.g. Pinot Noir is a grape variety that should be served in varietal glassware.

## AFTER DINNER

---

/| af·ter dinn·er |\n*adjective*

Immediately following dinner.

Sweet wines may rule the roost when it comes to post-dinner delights, but we think there are un-sung heroes too. Designed with digestion in mind, these beverages are the perfect ending to a perfect night; think amaro, brandy, liqueurs and everything in between.

### QUINTA DO NOVAL; FINE PORTS SINCE 1715

Noval made its reputation by introducing the first stenciled bottle of Port and in 1958 the first house to introduce a Late Bottled Vintage. Since then they have continued to pioneer the region in their pursuit of creating high quality and world renowned Ports.

LOCAL LINGO

**TAWNY:** STARTS OUT LIKE A RUBY PORT BUT SPENDS AN EXTENDED PERIOD IN WOOD. THE TAWNY PORT IS ALLOWED TO OXIDIZE DURING THIS TIME, THE COLOR OF THE WINE SLOWLY CHANGES FROM A PURPLISH-RED TO A TAWNY BROWN.

**COLHEITA:** [PRONOUNCED COL-YATE-A] IS SIMPLY A SINGLE VINTAGE TAWNY PORT (ALL GRAPES ARE FROM ONE HARVEST) AGED FOR A MINIMUM 7YRS IN SMALL USED OAK BARRELS.

# MADEIRA

---

'Top quality Madeira is one of the world's most wickedly underrated fine wines. I know you will have read that about Sherry - and that's true, too - but Madeira tastes like the elixir of life itself'

- JANCIS ROBINSON MW

## THE PROCESS HOW YA MAKE IT

Harvest ye grapes at varying ripeness levels depending on desired style of Madeira

Bottle and rest for 90 days...  
you also deserve a break,  
you've just made Madeira

Transfer finished [almost] wine to  
steel tanks (Estufa) and simmer to  
50degrees for 3 months

Fermentation begins.  
Halt fermentation by  
addition of a neutral  
grain spirit.

Note to Self: the  
earlier the addition,  
the sweeter the wine

## HENRIQUES & HENRIQUES 15YRS

90ML GLASS \$12 // FLIGHT \$24

DRY | SERCIAL pronounced citrus characters and sharp acidity makes for a good apéritif

MEDIUM DRY | VERDELHO rounder than Sercial; its elegant fruit makes it suitable for both before and during food

MEDIUM SWEET | BOAL perfumed and medium sweet; harmonious balance between nuttiness (a word), sweetness, and acidity

SWEET | MALVASIA (Malmsey) the most recognised style ; rich, sweet, and full of milky chocolatey goodness

## AMARI & LIQUEUR

---

There's so much weight, history, and complexity packed into one little word - Amaro. We know it's Italian for *bitter*, and its plural is *Amari*, but when it comes to production, appreciation and consumption of Amaro, we're guided more by tradition rather than strict classification. Amari are created by macerating and/or distilling bitter barks, herbs, seeds, spices, citrus peels, flowers and other botanicals in a neutral spirit or wine that is then sweetened. We love Amari so much we have named our youngest daughter in its honour. All Amari \$10
